## Brick by Brick Campaign

In recent years, no one has done more than Bob Dole to memorialize the World War II generation. Now, it's our turn to recognize him and all those who preserved civilization in its darkest hour. On July 22, Senator Dole's 80th birthday, we dedicated the permanent home of the Dole Institute here at KU. It was a chance as well to say thanks to every American who has ever worn our country's uniform.
